Non-Profit Enterprise Support and Engagement

Peter Rowland Group is committed to actively engaging and supporting the development and growth of non-profit organisations. Our collaboration and support initiatives focus on creating meaningful and sustainable impacts within the communities served by these organisations.

Non-Profit Enterprise Experience & Key Partnerships

Peter Rowland Group has extensive experience operating within not-for-profit, heritage and community-led environments. Our operating model is designed to balance commercial sustainability with cultural sensitivity, governance compliance and community impact. Below are key comparable partnerships demonstrating our alignment with social enterprise and NFP environments.

National Trust of Australia (Victoria)

- Multiple Heritage Properties | Not-for-Profit Cultural Custodian
- PRG provides catering services across National Trust heritage venues, operating within highly regulated, conservation-sensitive environments.

Relevance to ACF:

- Experience working within heritage-listed buildings
- Compliance with preservation guidelines and site restrictions
- Alignment with community and cultural programming
- Support for public events, education programs and private functions
- Respect for historic assets while delivering contemporary hospitality
- Our approach ensures catering enhances — not compromises — heritage integrity.

- PRG provides catering services to this historic community sporting club, supporting:
- Member events
- Club functions
- Community fundraisers
- Corporate hires supporting club sustainability
- We operate within a governance-led committee structure, ensuring:
- Transparent financial reporting
- Community-access pricing considerations
- Collaborative programming to increase utilisation
- Long-term venue sustainability

Why This Matters for Abbotsford Convent Foundation - Across these partnerships, PRG demonstrates:

- Proven experience operating within non-profit governance structures
- Respectful delivery within heritage and culturally sensitive sites
- Community pricing flexibility models
- Support for educational and cultural programming
- Activation strategies that increase visitation and financial return without compromising mission
- We understand that catering within a non-profit arts and cultural precinct is not purely commercial — it must enhance social impact, protect cultural integrity, and strengthen community engagement.
- PRG operates as a commercially disciplined but community-aligned hospitality partner, ensuring financial sustainability supports — rather than competes with — the broader mission of the organisation history and culture.
